HOME & COMMUNITY SERVICE MEETING

The regular monthly meeting of the Home and Community Service sewing group of the Mattapoisett Grange was held at the home of Mrs. Earle D. Wilson with 13 members being present. The meeting opened by the president, Mrs. Clifton B. Hatton. The invocation was given by the chaplain, Mrs. Clifford Atkinson. One new member, Mrs. James Harris, was welcomed.

An invitation to be the guests of the Juvenile Grange on the evening of March 16th was accepted and all plan to attend.

The outstanding project of the Massachusetts State Grange this year is aiding the Massachusetts Chapter of the Arthritis and Rheumatism Foundation as a health project. The Home and Community Service Committee of the Mattapoisett Grange will hold a game party at the Grange Hall March 31st at 7:45. The money raised on this project will be donated to this work. It is hoped this will be a banner occasion as we feel arthritis is a scourge of the living, the greatest cause of chronic disability and dependent illness. Through educational and entertainment programs we hope to bring to light the problems of arthritis in this community. We hope that the people of Mattapoisett will respond to this most worthy cause, that you

The following officers were elected at a meeting of the Wampanoag Chapter of the New England Family Campers' Association: Everett and Eunice Eaton, presidents; Al and Marion Sears, vice-presidents; Gene and Evelyn Pursley, secretaries; Harry and Helena Brown, Jr., treasurers; and Charles and Evelyn Figueiredo, William and Joan Lowther and Earl and Carrie Scott, Board of Directors.

ARTICLE 67 IN THE MATTAPOISETT TOWN WARRANT
was described to be a means of obtaining carrier
postal delivery service to the center of the
town. In the pre-town meeting, sponsored by
the Taxpayers' Association, Mr. Ralph Dunn sug-
gested the possibility of using insurance com-
pany plans already in existence and being used
in which the houses are already numbered. This
was suggested because the cost of purchase from
the insurance companies would be a small frac-
tion of the estimated cost of \$1200.00 for the
proposed work in the article of drawing a new
map and conducting a survey. Mr. Dunn brought
this matter up during the debate on this ar-
ticle during the Town meeting and the sponsor
said that they couldn't be used. It was also
brought out during the debate that there was
a recent map which had been drawn for the town
and it was suggested that using this map would
effect a saving because it would save the cost
of drawing a new map. The finance committee

TO ALL POST OFFICE PATRONS

You do not need to sign a Petition for Foot Carrier Service. You do not have to write your Congressman to establish Foot Delivery. There are certain requirements to be met for the Post Office Department to authorize a Foot Carrier. I have been surveying the Town for this possibility for the last 5 years and we do not as yet meet their requirements.

The foot carrier must work 8 hours a day.

The requirements are there must be:

Population of approximately 2,500 (this includes adults and children) within the area to be served.

Streets paved or improved to permit travel of Post Office vehicles at all times without damage or delay.

Continuous sidewalks in sections of the Town where traffic hazards or extreme weather conditions preclude use of the street by the carrier.

Street signs, also proper numbers on homes and business places.

Mail receptacles or door slots (not required at business places if open to receive the mail).

Satisfactory walks of any material including gravel and cinders passable throughout the year between the street or sidewalk and front entrance of dwellings.

Mounted Delivery--The requirements for establishment of mounted delivery are the same as Foot delivery.

The majority of the population of Mattapoisett is not in the area which would be served. As the Town is growing gradually each year, I assure you that anything that can be gotten for better service for the Town, I will get.

At the present time by actual count we have 1873 patrons being served on the R.F.D. leaving 1427 patrons to be served by boxes in the office of if and when, mounted or foot carrier.

As of October 2, 1961 I have been working on a project with the Regional Office to relieve the Rural Carrier; this might be a Mounted Route plus the Rural Carrier. As I have not been consulted by anyone as to what could be done or is being done I feel you should be given this information at this time.

"Reflections Past and Present" is the intriguing theme of the Flower Arrangement Section of the Garden Club Federation of Massachusetts. Interesting will be the manner in which period and contemporary flower arrangements will be staged in niches in front of copper, glass and mirror in which they will reflect.

The Packard Nursery and Garden Shop of Rockland is planning an Informal Backyard Garden to be staged on three levels, with two reflecting pools bordered with spring bulbs. Plantings around walks and terraces will include Ghent azaleas, Warminster brooms and plants in containers.

A Contemporary Garden, with plant material adapted to New England conditions, will be the effort of the Bartlett Gardens of Hamilton. Featured will be a modern ground pattern, with a weathered fence and a statue of St. Francis. "Today the United Nations is at the crossroads," said U. S. Senator Leverett Saltonstall in his March Report to Massachusetts.

Senator Saltonstall compared our desire to cooperate with other countries in scientific advancement to the need for cooperation between free world nations in carrying on our struggle against Communist aggression. The senior Bay State Senator said: "As Communist aggression comes in many forms, our struggle against it must take many forms." He said in part: "It is in the interest of our European allies to join in a quarantine-Cuba
